

## TECHNICAL DATA SHEET

---

**PRODUCT:**

DRC gloss Pigment.

---

**DESCRIPTION:**

DRC quality is a high Gloss pigment foil for printing onto various plastics, such as polystyrene and comparable copolymeres, polypropylene and polyethylene.

---

**APPLICATION:**

Various plastic applications.

---

**MACHINES:**

Vertical hot stamping presses.  
Roll-on hot stamping presses.  
Peripheral hot stamping presses.

---

**DEFINITION:**

Medium.

---

**RECOMMENDED STAMPING TEMPERATURES:**

175-230 °C – silicone die.  
135-190 °C – metal die.
